PAY YOUR TAXES.

The Poor Have No Other Thought,
and the Law Says this Strong
Corporation Shall Pay
Its Taxes.

The case of the City Council of Frankfort against the Mason-Ford Company involving \$16,000 taxes assessed on for the years 1886, 1887 and 1888, was reversed in the Court of Appeals, Saturday. Judge Painter, who handed down the opinion of the court holds that the taxes must be paid.

This was a case where the mighty in money powers sought to evade the payment of an honest debt, which was levied as all other taxes which is for paying of the actual expense of the city. No wonder our cities and States are forced to suspend the payment of obligations when such corporations are ever protesting against the payment of just levies.

Mr. Carlisle was Egged at Covington.

It would seem from what we can gather that a few eggs were thrown at Mr. Carlisle and there was an attempt made to interfere with his speaking. Whatever the disturbance was, we are indeed sorry that it occurred. There is a law against such disturbances and they are enforced in a few instances it would be a lesson to the reckless who think it is smart to dishonor public speaking. Mr. Carlisle had a right to speak in Covington and if the tough element did not want to hear him it was their privilege to stay away. We have no objection with such a mob and a few days in jail would be a great lesson for them. What that class did on that occasion should not be charged to the Democratic party, any more than should that disturbance of Mr. Bryan at New Haven be charged to the Republican party.

The Courier-Journal and other Wall Street organs were attempting to make much capital out of it, but sensible men will not be influenced by them. There are bad men in all parties but they do not compose the parties and their actions are deplored by all good citizens. The issues of the campaign cannot be side-tracked by leaping up above. The issue is before the people and must be settled by the people.

In every instance, after a period of unsatisfactory experience, the demands of commerce and of common sense have forced a return to the normal and proper system of bimetalism. There is not in the whole of history an instance where the return to bimetalism from any other system has brought disaster or failed to promote prosperity. There is not recorded in history a single instance where for a long, or even short period, gold monometallism has promoted the interest of the masses. We have tested the gold standard for twenty-three years. During that period we have had two great bank panics, and we are now suffering from industrial paralysis. The only prosperity we have known during this period was from 1878 to 1893, while we were enjoying a semblance of bimetalism, which gave promise of securing to commerce a gradually expanding volume of legitimate bimetallic money to meet its growing needs. Our prosperity ceased just as soon as it became apparent that this counterfeit of bimetalism was no longer to be maintained. The gold standard is a new thing in the world, and argue that it is a kind of "survival of the fittest." History un-masks the emptiness of that claim, and shows that gold monometallism is no more a new thing than the idolatry of pagan gods, and that bimetalism is no more old-fashioned than Christianity.

The issues of the present campaign are fully made and the case is now before the people. Let every man vote according to his best judgment and Bryan and Sewall, Fitzpatrick and bimetalism will win.

If we get more money, if we have prosperous times throughout the country, Bryan, Sewall and a Democratic Congress must be elected.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Can't Reach.

The Republicans are doing a powerful sight of blowing over Kentucky. They have thought they would surely get the State, but they have not sufficient money. Men are not going to sell their votes and there is not a shadow of a chance for McKelvey with the aid he will get from the "gold ranks." The Democratic State Campaign Committee gives out the following statement:

	Bryan	McKen
First district	12,000	
Second district	5,000	
Third district	1,000	
Fourth district	5,000	
Fifth district	5,000	7,000
Sixth district	5,000	
Seventh district	3,500	
Eighth district	1,500	
Ninth district	1,500	
Tenth district	2,000	
Eleventh district		8,000
Totals	36,000	15,000

Bryan's majority, 21,000.

This is concerning the Fifth to the Republicans, but as a matter of fact the Fifth will be carried for Bryan by a small majority and this is figured by giving the "gold bugs" to the Republicans.

Died.

On October 24, at his home in this County, of paralysis, Elder J. S. Wills, in the 70th year of his age. Mr. Wills was an excellent man whose efforts have always been for good, and what he has accomplished as a servant of the Lord he now knows and for it is enjoying rich rewards. He was born Jan. 1st, 1827; was married April 6th, 1848; was the father of 13 children, 8 of whom with his devoted wife, survive him. He was a minister of the Christian church 35 years and during that time performed 125 marriage ceremonies and baptized into the church about 300 persons. He had been pastor at Antioch, Sycamore, Cane Creek and North Bend churches. His funeral was preached at his late residence, Friday, by Elder Marcum, of Clay City, and was buried in the family burying ground with Masonic honors, Alma Lodge, F. & A. M., 322 officiating. Of this fraternity he had been a member 26 years. He started in life a poor boy and by constant work and economy he had accumulated a nice estate. A good neighbor, kind and accommodating, a Christian man, he is enjoying the reward of the faithful. N. F. P.

HA! HA! HA! OH!

WHAT TICKLES YOU SO?

Do You See How the Palmer Buckner Advocates, ex Officio Democrats.

Are making love to and forming alliances with those men upon whom until recently they poured their shafts of wrath?

We are not abusing the Republicans, but, really, it is amusing to see how the Republicans are using these ex Democrats. Perhaps, too, the Republicans feel sorry for these Palmer-Buckner men who are so opposed to dishonor, repudiation and anarchy, especially when an imported speaker comes to town. Without the Republicans these men will show up few and far between.

In speaking of the campaign a Republican recently said to an Advocate man that there was no need for the Republicans to have many speakers, because the Palmer-Buckner men were doing their work; and yet the claim is made that the principles of true Democracy must be maintained.

Burrah for Bryan.

We are informed by a gentleman who accompanied Mr. Robert Franklin on his tour through Menfifer, Morgan, Wolfe and Magoffin, that large crowds were in attendance at all meetings except at Frenchburg and Torrent; that great interest is manifested for the Democratic leaders, and that many Republicans will support Bryan, Sewall and Fitzpatrick.

Republican State Treasurer Long spoke at Earl and Mr. Franklin responded, completely vanquishing Mr. Long. At Salversville several Republicans came to Mr. Franklin and promised to vote the Democratic tickets. There was a flag raised at Hazel Green and some converts to Democracy were made. Before reaching Campton Mr. Franklin was met by 150 horsemen.

Hair Restored to Natural Color.

I saw in your statement that Zulu Vuller would restore any head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to natural color. My wife's hair was a light red, and by using Zulu Vuller, her hair is now a beautiful auburn. Any one can get a sample package of Zulu Vuller by sending 21 two-cent stamps to Wilson & Co., New Concord, Ohio, and it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and it it does not satisfy you perfectly they will return your stamps.

PROTEST!

From Republican Voters of Owen County Against the Nomination of Colonel Breckinridge.

THEY ARE DISSATISFIED AND WON'T STAND IT.

Their Affections Are Set on Judge Denny, a Man Who Has Always Been a Consistent Party Man.

Owensville, Ky., October 19, 1896.

EDITOR ARBONATH:

I send herewith for publication in your columns a signed protest of Owen County Republicans against the candidacy of Col. Breckinridge. We are all plain farmers and wish to do what is right. In addition to the enclosed names, there are a number of other Republicans in this precinct whom we have not seen and who repudiate Breckinridge. The Committee men of our party for this precinct will support Settle.

J. W. COLEMAN

THE PROTEST.

We, Republican voters of Hester precinct, Owen County, Ky., wish to give publicity through your paper that we enter our most solemn protest against the action of the committee which met in the city of Frankfort some time since to consider the advisability of putting forth a candidate for Congress in the Seventeenth Congressional District.

It was at that time a man presented his claims before that august body urging his nomination to make the race. A man who had been before the people prior to that time, and who made such a splendid race, a man who had been a life-long Republican, a man who had spent his talent, ability and money to advance the interests of his party, a man who has been honored with high position in a Democratic district, a man whom the people delighted to honor, a man who has worked hard for the party of his choice, the Hon. George Denny.

The committee rejected the claims of this good and true man, and advised no nomination and adjourned. And but a few days since, seven of them again met, reconsidered their first resolve and kicked Col. Denny clear off the track, and kicked him back, too.

By these seven political bosses, demagogues, and with the assistance of a few bolding Democrats, all being personal friends of Mr. Breckinridge, placed him before the Republicans of this district as their candidate. Now we, the undersigned Republicans of this precinct, ask our brethren of the various counties to repudiate such nomination; show us that you would a viper. We now wish to state publicly that if Mr. Breckinridge and a few loving friends have harbored that he should occupy room under our once dear, peaceable and quiet log cabin roof, that he will not be supported by us, and we have not yet heard of a Republican of this precinct who will, and we number 40 members.

If we find his name placed there the stamp will be under the rooster for Bryan and free silver, with the balance of the ticket.

If we are forced to swallow a Democrat we will select one who is clean and swallow him whole and not one who has been demoted out of us as a Democratic refuse. If we have to eat crow we prefer one of a different favor.

Battled Up!

It certainly is heartrending to a patient to find that the treatment he is given for a disease is more disastrous than the disease itself. Such is the case, however, with the usual treatment given for diseases of the blood. Following the great progress made in many branches of medicine, the doctors have failed absolutely to find a successful treatment for blood poison, and the many diseases having their origin in the blood. They give but one kind of medicine, they know but one treatment, and whether in the form of powder, pill or liquid, the doctor's prescription is always the same—potash or mercury.

Two substances that do the harm, and that are absolutely fatal to the system of the patient, and direct their efforts toward covering up the symptoms from view. There is but one effect to be obtained from potash and mercury—they bottle up the poison and dry it up in the system, but it must be remembered that they dry up the marrow in the bones at the same time, gradually consuming the vital force. These disfiguring copper-colored spots are but indications of worse things to follow. No sooner has the system taken on the full effects of this powerful drug than that appearance of the skin of the face gives place to a stiffness, followed by the racking pains of rheumatism. The form gradually bends, the bones ache, while deceptively and helplessness promote the possession of the body. Under this treatment, it is but a short step from vigor and health to a pall of crutches. With this wreck of the system often comes falling of the hair and eyebrows, loss of finger nails, and decay of the bones—a condition most horrible. This is no overdrawn picture, for the world today is full of these hobbling mercurial wrecks.

Contagious Blood Poison is the most horrible of all diseases, and has been appropriately called the curse of mankind. Until the discovery of S. S. S. it was incurable. It has always baffled the doctors, and it is in this disease that the evils of mercury and potash are most common, because these drugs are given in such large doses in an effort to counteract the poison. While they succeed in bottling up the poison in the system, it always breaks forth again, attacking more delicate organs, frequently the mouth and throat, filling them with eating sores. S. S. S. is the only known cure for this terrible disease.

It is the same in other diseases of the blood. Scrofula, Eczema, Cancer, Rheumatism, all are given the same treatment by the physicians—mercury and potash, and the result as above set forth is always the same.

We offer a remedy purely vegetable, powerful in its effect, yet harmless in every way. For fifty years S. S. S. has been curing blood diseases, from the most violent to the mildest case, after all other treatment failed. It is guaranteed purely vegetable, and one thousand dollars reward is offered for proof to the contrary. It is a real blood remedy for real blood troubles, and never fails to cure Contagious Blood Poison, Scrofula, Eczema, Rheumatism, Cancer, or any other disease of the blood. If you have a blood disease, take a remedy which will not injure you. Beware of mercury! don't do violence to your system. Don't get bottled up!

A Churn That Churns in One Minute.

I have been in the dairy business all the life of my father and a few years more, and I have never before butted would appear so when I heard of a churn that would churn in a minute I concluded to try it. Every day for a week I used it, and not only could I churn in a minute, but I used more butter than with all the common churns. This is a very important quality to butter makers. The churn works easily, and without any stirring or shaking in less than 10 seconds, I have used two dozen of them in the past month. Every butter maker that has seen one churn in less than a minute has bought one, and can obtain all desired information regarding the churn by addressing J. F. Casey & Co., St. Louis, and they will give you prompt and courteous attention.

How to Vote.

Place your stencil under the rooster and within the square like this and you will make no mistake; your vote will be counted.

This is the way it is done. At the last election a large number of Democratic ballots were thrown out for the lack of information. Vote this way and you will make no mistake, that is, place the X within the square right under the feet of the rooster, and in no other place or square. Before taking your ballot have the clerk to tell it for you.

Wonder if Mark Hanna hasn't bought that Madeline Pollard judgment, and if he isn't working it out of Willie Breckinridge at \$25,000 per speech.

Gen. Harrison, it is said by McKinley Ad Journal, spoke in New Albany on the tariff question to 10,000 people. This is the Louisville Times report. Cut of one naught and the figure will be nearer correct. The Times is given to this kind of work just now. A report as to numbers from a Democratic rally, they cut off one naught and of a Republican or Palmerite demonstration, they add one. Gen. Harrison talked about the tariff, a dead issue in this campaign, and let the money question severely alone. A dead man with a defunct issue is the General this year.

The Republicans and Bollerators have virtually given up the fight in this county, and an old time Democratic majority is assured. Not only in this county, but all over Kentucky, and the whole country at large, the sentiment in favor of Bryan and free silver, already a giant in strength, is growing every day, and will triumph in the end. The people are aroused, and want to see the Government of the United States. They are indignant and determined to do it in person, and the great millions of House and his tribe shall not prevail against them—Winchester Sun.

Monitory county Democrats are opposed to their full duty and the entire vote will be brought out. The Democrats will carry this county by a handsome majority.

Parity in the Lives of Public Men.

"A man who violates the sanctity of another man's home does not deserve the respect, much less the sympathy of a moral and christian community. He should be ostracized from society the same as his victim. To defend or condone a crime of this sort is putting a premium on immorality and making a mockery of liberty."—The Gazette.

These are the words of the Gazette before the Republican party nominated W. C. P. Breckinridge as their Congressman in the Seventh District, and while he was a Democrat. Will the Gazette now advise its readers to shun such a man? We hope it will. Men who have mothers, wives and daughters should have sufficient respect to give no encouragement to this wicked course. Would husbands in this town take Miss Pollard in their carriages and permit their wives and daughters hear her lecture unless she had repented of her sins.

Men who solicit the suffrage of people should be men of recognized honesty, purity and sobriety. Let men hear and heed the appeals and entreaties of the able women who by their presence and words have blessed our towns during the seasons of the W. C. T. U. Convention.

"Do We Want Another Panic?"

Is a question asked by the Courier-Journal, the chief of battling journals. It makes the further statement that Mr. Bryan had said that "free coinage would produce a panic for a time." The Courier-Journal, according to its glib method, quotes Mr. Bryan just enough to misconstrue his meaning. The Courier-Journal knows, as Mr. Bryan does that the unscrupulous, envious, covetous Eastern capitalists, aided by England, would attempt a panic, not that it would be injurious to their interests, but that it would enable them to invest their money and still lower markets and when the effects of more money to fight they would realize the greater profit. For instance the farmers now covered with debt; they would close in and purchase their belongings at their own price, and a year or so later sell it at an advanced price. So would their same game of steal, and we will never know how many thieves there are in this country until we witness such a precipitation. Is it better for us that a panic should come now or wait until we are older and our debts larger? If men are to be wiped out it is not better to renew life struggles now than to wait until they are bent with years?

It is reported that Mr. Ingles has said that the shock following the inauguration of bimetalism is his only dread of it; that if he could be satisfied it would last only a few years he would be in for it. A great and startling admission, that; silver and gold, the two metals should be used but I am afraid it will hurt great interests for awhile. Had we not better stand a shock of short duration than to share in the financial prosperity resulting from the enactment of laws passed by men who, in Congress, will crystallize the sentiment set forth in the financial plank of the Chicago platform; we will vote for Thomas Y. Fitzpatrick.

Classes Against the Masses.

The cry has been raised, and by men in this town, that Democratic speakers and writers are endeavoring to array men against men, masses against classes. If by this it is meant that we are helping to convince the great majority of our people, that their interest will be attained by opposing a financial system advocated by corporations, trusts and other financiers, in London and New York, who have enlisted in their service railroad attorneys, bank employees and home merchants, all of whom think they are thereby serving their interests, we plead guilty and have no apology to make.

We do not appeal to the prejudices and animosities of men; we would not arouse hostile feelings against men who, in ways questionable, or by fair and honest dealing, close attention to business and economy in expenditures have been successful in business.

We do not approve of the spirit of envy often cherished against others because they have accumulated more of money or property than their less enterprising and temperate and wise neighbors. In this campaign we are not assailing men of good character but against unrepentant, self-conceited debauchees we have a right to use our influence. We are sincere in our advocacy of the silver plank of the Chicago platform. For this we contend and in so doing we have the satisfaction of knowing that we voice the Democratic sentiment and policy, and are not bolters against the decisions of our State and National conventions.

We expect to work and vote for Bryan and Sewall electors and to share in the financial prosperity resulting from the enactment of laws passed by men who, in Congress, will crystallize the sentiment set forth in the financial plank of the Chicago platform; we will vote for Thomas Y. Fitzpatrick.

Democrats!

Allow nothing to keep you from the polls Tuesday, November 3rd. A great matter is to be settled on that day; our future prosperity depends on the people. They must pass on this all absorbing question. The people are not satisfied with their present condition. From 1834 to now, whenever the volume of money has been decreased we have had a crisis, and we are having it now. Remember, therefore, a crisis belongs to the future, to a few; it is to those who have money. The hoarded capital buys your lands, your productions and closes your mortgages. It is desperate times to the many but prosperous to the few. The farmer, the laborer, the professional man, our churches, our institutions of learning, our mission causes, feel the depression of to-day, because of the scarcity of money. We must have a greater volume of our institutions, our farmers, our laborers prosper—and every man, woman and child is interested in this question—and the vote of the United States on next Tuesday, if for Bryan & Sewall and Democratic congressmen, is an interest. If for McKinley or Palmer, we can expect no better times. They offer no change and the direful results will be inevitable. We think we are passing through a crisis, but with a continuation of the present policy the thumb screws of all capital will be turned on and the disaster which will follow will be beyond the conception of man. Arouse, voters, act while you have opportunity and change the tide which is fast sweeping this country into destruction.

Is Palmer Responsible for Carlisle's Egoism?

Col. H. L. Stone, who is well known here, now an attorney of Louisville, and by the way in utter contempt of court there, says through the columns of the Louisville Times that he had intended to cast his ballot for Palmer and Breckinridge, but since that disgraced act at Covington—the egging of Carlisle—he would vote for McKinley; and at this place we have heard of another who would do likewise. From such testimony we would conclude, in the absence of other evidence, that the Palmer and Breckinridge followers were the perpetrators of this most contemptible crime directly, or were accessory to it. At least the Palmer and Breckinridge ticket, it seems from the act of these gentlemen, must suffer for this disgraced conduct.

We Don't Believe It.

Report has gone out that Dr. Yeager one of the leading professors of Georgetown College introduced W. C. P. Breckinridge, the Republican nominee for Congress in the Seventh District, to the voters of Scott county at the court-house in that city about day. We don't believe it. We know Dr. Yeager personally. He is a high-toned, consistent, christian gentleman, who has under his charge hundreds of young men who are being trained for their life work. To introduce a man of the character of Breckinridge would be an endorsement of him, virtually saying to the young men who are under him that he would elevate Breckinridge to a high position in our National Government, that he is a worthy man, and as Dr. Yeager's practice is an example to the young men under him, so would Breckinridge's life, which we can not criticize too severely, be an example to all. Breckinridge has forfeited the respect and admiration of all men pure in heart; and Prof. Yeager, with his pride of character, consistent and pure life given to the training of college men for the highest and most ennobling positions did not so far forget himself even in these times of excitement as to associate with this degenerate man. No sir, we don't believe any such statement.

We do not doubt the election of W. J. Bryan. If he is elected, it is conclusive that the Congress will also be Democratic. We may then expect the enactment of laws placing silver on an equality with gold. This will purchasing power of a silver dollar will be equal to the purchasing power of a gold dollar in securing all things raised and manufactured in the United States. Why so? Because the United States Government shall have decreed it, and because money is a creature of law.

Why, then, this silly talk about depreciated money, and silver dollar having less of the necessities of life when Mr. Bryan is elected?

Most of the Republicans and other gold standard advocates are trying to scare the timid into the advocacy of the single gold standard, but Democrats do not appear to be much scared. Under the free and unlimited coinage of silver, with powers equal in all respects to gold, we may expect a large increase in the volume of our money, the volume to be increased as fast as American labor and ingenuity can convert gold and silver into bullion and bullion into coin. Such coin is to be a legal tender for all debts, public and private. Is not this good enough for Americans? If foreigners are not willing to sell their products to Americans for American money let them trade elsewhere.

If the gold advocates are sincere in what they say, they would have us believe that they are very sensitive about the welfare of foreign bondholders. They will howl, turn red in the face and fight the air and cry out "fishion and reputation!" Why so? Because the democratic party propose to pay their debts in legal money, the coin of the constitution, gold and silver, the money recognized at the time our bonds were issued and bought by foreigners. Shame on the American who thinks we are not able to attend to our own business and are so dishonest as to evade the payment of our debts according to contract.

News From Washington.

This campaign has created some very surprising "boots," but one which came with greater surprise than any that has taken place yet, so far as the city of Washington is concerned, is the bolt of General William Birney, United States District Attorney for the District of Columbia. He has declared his allegiance to the cause of Bryan and free silver. General Birney was one of the founders of the Republican party, in the days of Fremont, and has been a steadfast Republican ever since. In declaring himself in an interview, General Birney said in part: "McKinley I regard the representative, a friend of the banking syndicate and other great trusts, monopolies and corporations in restraint of trade and he would go into office, if elected, pledged to perpetuate the policy of Grover Cleveland. That policy is the endless repetition of bond issues increasing National debt and the placing of this government in perpetuity under the control of the money power."

If this policy should be made permanent it would be the turning class as declared to be changed from owners to tenants, a change which would involve a revolution in the affairs of this country.

"Mr. Birney is a safe, intellectual man, whose heart is with humanity. I am for Mr. Bryan and American independence, American prosperity."

General Birney has offered his services to the Democratic National Committee, and during the rest of the campaign will speak in Maryland, Delaware and possibly Ohio.

The city of Washington is naturally the best place in the country to act as a general class estimate of the field in politics, for the fact that here we get the news on both sides from every county in the United States and taking a middle-of-the-road view of the situation, a conservative unbiased estimate. I am certain that Bryan will be made the next president by the electoral vote of the following states:

- Alabama.....11
- Arkansas.....8
- California.....9
- Colorado.....4
- Florida.....4
- Georgia.....13
- Illinois.....24
- Indiana.....11
- Kentucky.....10
- Louisiana.....8
- Mississippi.....9
- Missouri.....17
- Michigan.....14
- Minnesota.....9
- Montana.....3
- Nebraska.....8
- Nevada.....3
- New York.....11
- North Carolina.....8
- Ohio.....19

- S. Dakota.....4
- Tennessee.....12
- Washington.....4
- Wisconsin.....8

Total.....140

This leaves Ohio, Indiana, Delaware, Iowa, Oregon, Maryland, West Virginia, New York and Wisconsin for McKinley, who is not certain of either. This is in my opinion a most conservative estimate, and from Bryan is certain of election.

The election of a President is not all that is needed to accomplish the free coinage of silver. We must have a free silver House of Representatives, and a Senate on the same line. Therefore, it behooves every lover of free and independent America to vote for free silver congressional candidates. Let every man who loves his freedom and loves his country, in the old Tenth District vote for Fitzpatrick, the champion of that part of the country, free silver, free America and freedom from all foreign domination. Vote for Bryan, Sewall, Fitzpatrick, free silver and independence.

Nicholasville, Oct., 21.—The first reunion of the Eighth Kentucky Cavalry, C. S. A., was in session here last week. Ex-Confederate soldiers from all over the state were present and were joyfully entertained by Rev. F. W. Nolan, delivered the address on behalf of the citizens of Nicholasville; and was accompanied by Col. Cleo Coleman, Col. Bennett. Young delivered an address on the history of the regiment, after which all marched to the cemetery where the ex-Confederate graves were decorated.

It was a time when hearts beat with love as the minds of the old comrades brought up recollections of more than a score and a half years ago. How many it is to memorialize the lives and characters of our dead heroes. There were mingled with tender, loving speech and there was no pallid to object or interfere.

Price Is The Greatest Salesman in the World!

When PRICE rises to speak, Oratory, Wit, Humor and Eloquence take a back seat. Oratory will sometimes cause a man to swerve from one thought to another. Wit will sometimes bring laughter to home of the sorrow. Eloquence raises you to that pitch where you almost commit yourself. But there stands PRICE! No oratory, no wit, no eloquence, and yet as though by magic you act whether in need or not. Come to us and see what Price will do for you in a good All-wool Blue, Black or Brown Ulster Overcoat, or in a nice, genteel Dress Overcoat. We have hundreds of them that this price will move—

The Gazette last week in speaking of the joint debate which was to have come off between Mr. O'Connell and Rev. A. Carnahan, took occasion to say that the ADVOCATE's version was false. We wish to say to the readers of the ADVOCATE that the information came from Rev. Carnahan and he is not given to making statements that are not true, and we were willing to place the veracity of Mr. Carnahan against that of the editor of the Gazette, John G. Wood.

Capt. W. J. Stone was here and made three speeches in the county. He did good work. From him we heard the clear ring of Democracy. He gave the voters to understand that a single gold standard continued in this country would bring disaster far beyond the conception of any man, and the only cure for this evil is bimetallicism.

Wayne, Ind., testifies that he was cured of a cough of two years standing, caused by the grippe, by Dr. King's New Discovery. P. F. Merrill, Baltimore, Md., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. H. A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great disgrace to affliction. It would probably be more so if people realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are: sore stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is incurable because it can be cured—easily, quickly and permanently by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, heartburn, or any of the rest of the night-mare breeding brood that these "Pellets" will not cure.

OUR CITY HONORED

And Our People Blessed by the
Presence and Counsels of
MANY NOBLE WOMEN.

Whose Hearts are Filled with the
Praise of God and Zeal to pro-
tect Our Homes and
Native Land.

The 16th Annual State Convention
of the Woman's Christian Temperance
Union convened at the Methodist
Church, in Mt. Sterling, Kentucky, on
Friday evening, October 23, 1896.
Mrs. Frances Beauchamp, of Lexington,
State President, presides during the
convention.

Devotional services consisted of
songs, scripture reading by Mrs. Nel-
lie Anspinger, of Lexington, Cor-
responding Secretary, and prayer by Mrs.
Mary Hughes, of Wilmore, and the
President. Welcome addresses were
delivered by Mrs. T. F. Rogers, Presi-
dent Local Union, and in behalf of the
churches by Revs. J. W. Mitchell, H.
D. Clark, Everett Gilly, and A. J. Ar-
rick, and on behalf of the County
Christian Endeavor Union by Miss
Mary Anderson. Responses were
made by Mrs. ———— Grinstead, of
Lexington and Miss Mary McClure,
of Williamstown. Then came the ad-
dress of the State President, Mrs.
Beauchamp. This address will appear
in subsequent issues of the ADVOCATE.
We regret we cannot furnish it in
this issue as its merit deserves now a
careful reading by all who are inter-
ested in the purity and preservation of
our people and the honor and security
of our State and nation. The inclem-
ent weather prevented many from at-
tending. We wish everyone in town
could have been present to enjoy the
feast of good things.

SATURDAY MORNING.
The storm had cleared away and
the sunshine came with these good
women to cheer and bless us.

The devotional services were led by
Miss Corinne Wilson, of Williamstown.

The morning session was devoted to
usual roll call of Executive Committee,
reading of the minutes of Executive
Committee meetings and discussion of
recommendations in the President's
address.

As is customary with the W. C. T. U.
the morning session closed with
devotional services led by Mrs.
Hughes, of Wilmore. Her life motto
is found in Psalm, 34:1—"I will bless
the Lord at all times; His praise shall
continually be in my mouth."

SATURDAY AFTERNOON.
There were reports of committees on
Credentials, Vice-President, Corre-

sponding Secretary, Treasurer and
Organizer.
Mrs. Caroline Apperson Leech, of
Louisville, and Miss Katherine R.
Pettit, of Lexington, spoke on Rescue
Work.

The Treasurer, Mrs. M. E. Bryan,
of Millersburg, read her report. Total
collections for the year amounted to
\$39.25. There are 100 Unions, fifty
of which have been organized during
the past year. Of the members en-
rolled during the year 421 have paid
their dues. There are now 1524 mem-
bers in the State.

The Willard Settlement of Louis-
ville, a home for unfortunate women,
is the first in the world organized by
the W. C. T. U.

SATURDAY EVENING.

The attraction was the exercises of
the Local Temperance League. For
a week Mrs. Abbie Field, known in
England and America for her zeal in
W. C. T. U. work, has been training
the children and organizing the Le-
ague. The house was crowded when
the procession of 80 children, led by
the drummer boy, Frank Hill, a curly
head child of seven years, marched
through the church time and again
with their banners. Among the chil-
dren who took part were John White
Trimble, Belle Donahue, Anderson
Boyle, Miss Lizzie Wyatt, who had
recitations, and Luther Rehnun, who
sang. There were songs in the church
of which all the children took part.
The thoughts in these recitations
and songs were along temperance
lines.

The Legion is a permanent organiza-
tion.

Then came short talks by Mes-
sieurs Rivers, Beauchamp and Field.

SUNDAY MORNING.

Mrs. Beauchamp spoke at the usual
hour of worship at the Methodist
Church.

The usual Sunday School services
at Methodist church were dispensed
with and Messieurs Field, Hughes,
Klein, Beauchamp and Bender occu-
pied the time.

SUNDAY AFTERNOON.
Sunday afternoon at 2:15 Mrs.
Field met the children and many
others interested in children's work
at the Christian Church. Before
three o'clock the Methodist Church
was crowded. The speaker was a
woman who for many years has de-
voted her powers of mind and heart
to the rescue of mankind from the
nation and world's common enemy,
strong drink.

She who has been so conspicuous in
W. C. T. U. work is Mrs. Clara C.
Hoffman, Corresponding Secretary of
the National, and President of the
Missouri W. C. T. U. One who hears
her is convinced that she has tender-
ness of heart, breadth of comprehen-
sion, consciousness of expression and
power of oratory whether she con-
siders heredity, environment as affect-
ing character, the degradation and
sorrows produced by the liquor traffic,
or the details of work in the missions
among the unfortunate and out-cast.
May many blessings come to our

community because of her address.

SUNDAY EVENING.

The mother's meeting of the W. C.
T. U. Sunday evening at 6 o'clock
was a great success and was largely
attended. Mrs. Field conducted the
meeting and was assisted by Mrs.
Klein, of Winchester, State Superin-
tendent of Mother's Meetings. Mrs.
Sarah W. Mansuet, of Lexington,
gave a splendid talk on social purity.
The talks by Mrs. Mary W. Bender,
of Louisville and Mrs. Mary W. Hughes,
of Wilmore, were perfect in their
line.

There were services at only two
churches Sunday night, the Methodist
and Christian. Mrs. Field spoke
first at the Methodist church on "The
Rights of Children," after which she
went to the Christian church. Mrs.
Hoffman followed Mrs. Field at the
Methodist church. She told of the
formation of the W. C. T. U. in for-
eign lands, and of the World's Con-
vention in London to which she was
a delegate. Her recital of facts con-
nected with the work was highly in-
teresting. Talks were made at the
Christian church by Mesdames Leech,
Klein, Bender and Field.

MONDAY.

After devotional services the unfin-
ished business of Saturday was re-
sumed. There were reports of Superin-
tendents of Flower Missions, Sabbath
Observance, State and County Fairs,
Sunday Schools, Young Women's
Work, Railroads, Parity, etc.
The election of officers was as fol-
lows:

Mrs. Frances Beauchamp, Lexington,
President; Mrs. Dorothy Rogers, Pa-
ducal, V. P.; Mrs. Nellie Anspinger,
Lexington, Cor. Secretary; Mrs.
Annie McClure, Williamstown, Re-
cording Secretary; Mrs. M. E. Bryan,
Millersburg, Treasurer.

Mrs. Beauchamp addressed Prof.
Goodwin's Male School.

The beautiful Memorial Service
was just before noon hour.

The convention selected the field
daisy as their State flower.

Mrs. Clara Hoffman was voted a
member of the convention with all
privileges. Her bright remarks were
much enjoyed. Among other things
she said that in the twenty-two years
of W. C. T. U. work in the United
States there had never been a default-
ing treasurer.

Miss Bruce and Mrs. White, for-
merly missionaries to Brazil and China,
addressed the convention.

The young ladies of Mt. Sterling
have organized a Y Society. Young
men will be admitted as honorary
members.

On Monday evening Mrs. Hoffman
lectured to a crowded house on "The
Problem That Faces Us."
